New Distributor for Azerbaijan-Georgia

FF-Automation Oy (Finland) is proud to announce to have Sonnamir Group as its distributor for Azerbaijan-Georgia. Sonnamir Group is able to offer to local customers FF-Automation's complete Autolog RTU, ControlMan and Scada product range and services like commissioning, and particularly industrial automation, commercial and industrial MEP applications and smart systems.

“We are excited to have someone with the experience and background such as Sonnamir to join our growing distributor network,” said Jukka Fredriksson, FF-Automation’s Managing Director “Sonnamir Group has long term experience for example from Tank level remote supervision systems, Monitoring of petrol station tanks & level control, Turnkey MEP Projects, Industrial Automation and Robotics, Power Distribution Systems, Smart Solutions etc.”

FORD-OTOSAN TURKEY

FF-Automation as Finnish manufacturer for Autolog RTUs and complete monitoring and controlling solutions is your one-stop source for such kind of technologies. Our extensive know-how since 1970's helps our clients to find correct solution for their monitoring and controlling applications.

FF-Automation is Finnish company established in 1976. We are designing and manufacturing Autolog RTUs, SCADA and complete wireless monitoring and controlling solutions.
